Description Schedule Speakers

The SMAANZ HDR Hour series aims to provide an opportunity for our SMAANZ community to collaborate and feel a sense of inclusion. The online series is open to everyone and is free to attend! Whilst it is focused on HDR students (similar to our mid-year HDR program), we encourage all levels of the SMAANZ community to be involved in order for this to be a success.

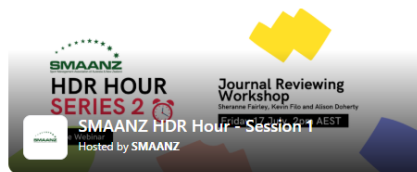

Following the success of our first series, we are excited to launch Series 2. Each session will feature and highlight a HDR Student or Early Career Researcher presentation, followed by a Professional Development session as voted by our community.

Step 2: You will be prompted to create an account. Please enter your first name, last name, email address (this is where you will be contacted to access the event, so please ensure it is correct) and set a password
